KMAC TV Productions – Future Internship program  
2000 Alameda De Las Pulgas, San Mateo, CA 94403

Dear Alexandra Healy,

I am writing you in response to the Instagram Reel you made a few days ago. I am currently in my final semester at College of San Mateo taking the Internship class, and I'm very interested in joining the KMAC TV team. Over the past two decades, I have experienced a major shift in the way audio and video is processed and viewed. After working at Berkeley Community Media, I found that I would be happiest helping other people succeed at making their dreams come to life however I can.

I have worked for KDOG Radio, and volunteered with The Tech Interactive as well. In my future portfolio, I will have some samples from both Berkeley Community Media work, some samples I made for KMAC TV when I was working on it as part of KDOG Radio's media projects, additional voice over work samples, and other miscellaneous stuff. You can listen to my current audio portfolio at <http://bit.ly/3ICeBhJ>

I strongly believe that my excellent creative and problem-solving abilities, as well as my solid teamwork skills will be very valuable for your company. I enjoy working as a part of a team, and with a little guidance the first time around. I have used Premiere, Final Cut, Logic, Mackie ProFX 6v3, and various other apps for macOS.

My resume is enclosed. I would enjoy talking with you in person to discuss your needs and how my skills would best benefit your organization. Thank you for your time, and I hope to hear from you and your family again soon. Good luck on the Rose of Tralee competition as well.

Sincerely,

*Patrick John Healy*
